

## What is the Big Picture?

A high impact team challenge that utilises cinema and the medium of film to fully engage with all participants, providing them with an exciting enjoyable and spectacular day's entertainment. Throughout the event people will be working together to make a film about their chosen work topic. Which will be shown in all its glory during an end of day screening for all to see.

## What does the programme deliver?

Energised teamwork and insight into a team's potential, ability and above all determination to create a work related product or solution linked to a business need. Delivery in these areas is achieved through the application of skills that are directly transferable back into the workplace. These skills include:

- ◇ planning
- ◇ communication
- ◇ teamwork
- ◇ leadership
- ◇ creativity
- ◇ innovation
- ◇ support.

In addition to the skills developed, other tangible team benefits include:

- ◇ engagement in a team development process that actively challenges the team's needs
- ◇ building a process of successful teamwork through its key stages
- ◇ enjoying the event and wanting to do more, we capture enthusiasm
- ◇ feeling valued and being able to contribute effectively
- ◇ supporting colleagues in a way that promotes active team membership and role sharing

- ◇ working towards a common goal
- ◇ exploring team dynamics in a fun and fulfilling way
- ◇ enhancing review and continuous improvement methodologies.

## Achievable outcomes include:

- ◇ clarity and focus on team/business requirements
- ◇ having a very enjoyable and memorable team day
- ◇ resolution of work issues
- ◇ improvement in team maturity
- ◇ increased awareness of personal capability and team role
- ◇ development of work based action plan.

## Who is it aimed at?

Teams and businesses that are striving to achieve high performance in the workplace and need to build great teams.
