

Programme overview

Reach Another Level have created the ultimate team event.

The 'Crunch Buster £100,000 Challenge' is a fantastic team development day loaded with activities designed to get teams performing at their best, and most importantly, to generate money for their business. 'Crunch buster' concentrates on saving money, increasing productivity, reducing waste, enhancing customer satisfaction, in fact all the things needed to improve profitability and business growth especially in this economic climate.

Throughout the day projected financial gains made by each team are fed into a collective pot, which will hopefully reach £100,000, not bad for a days work. Actual gains remain with those who achieve them.

Teams undertake a series of team building and fun challenges that lead to one team being crowned 'Crunch Busters'. Incidentally, the imagination, drive and commitment needed to achieve success on the day are also important factors for ensuring success back in the workplace.

What 'Crunch Buster' does

'Crunch Buster' has been developed to add value to those businesses taking part and deliver financial benefits through the:

- ◇ reduction of waste and unproductive effort
- ◇ increase in team productivity
- ◇ improvement in customer satisfaction
- ◇ maximisation of profits
- ◇ solidification of team goals
- ◇ improvement in teamwork and communication
- ◇ heightened sense of achievement
- ◇ enhancement of team performance
- ◇ motivation of teams with a 'can do' mindsets.

'Crunch Buster' admin'
